

## These things she do to be with me

She lit up the sun inside her eyes  
and glued the moon onto her smile.

To be my only light.

She turned my arms into paddles  
and sailed through my arteries.

To claim my heart.

She used my sex as a key  
and unlocked my lips.

To steal my body.

She do these things to be  
and only to me.

To be with me.
